## **COVID 19**

Dynamic Stainless Electrodes has equipped each of our staff members with the necessary safety equipment, barriers and signage, ensuring that our employees and customers are protected at all times.

As we address the unique and evolving challenges posed by COVID-19, we'd like to reinforce our commitment to you and share an update on how DSE is responding.

### **Team Health**

First and foremost, the health and safety of our customers and employees continues to be our number one priority. We are monitoring the situation carefully around the world while following guidance from the local government and authorities.

To provide you with additional peace of mind, we are taking the following precautionary measures and appreciate your patience and cooperation as we navigate this unprecedented situation together:

- Limiting all non-essential visits to our premises
- Increasing daily cleaning within our warehouse

Please note that all customers entering our premises will be required to:

- Wear a mask at all times
- Take a compulsory IR temperature check
- Make use of the hand sanitizers available

Dynamic Stainless Electrodes will abide strictly to the Government rules set out to us.
